

Welcome To Our World

Kids Fly Free* to Disneyland® Resort

Our biggest promotion of the year is back for a limited time. Kids Fly Free* to the Disneyland® Resort with an Alaska Airlines Vacations Package. Just book your clients through VAX by February 19, 2011, and have their travel completed by April 15, 2011, to take advantage of this great offer. Space is limited for the Kids Fly Free offer so book your clients today for best availability. Learn more, [click here](#).

Reminder, Ticket Validity One Year from Outbound Travel

Tickets issued on Alaska Airlines 027-ticket stock are valid for travel one-year from the original outbound date of travel. Ticket reissues and new travel must be completed during that 12 month period. If you reissue a ticket with new travel dates that are more than one-year past the original outbound date, a debit memo will be issued.

US Ticket Tax Rates Increase

For 2011, the excise tax on domestic segments of taxable air transportation is \$3.70, unchanged from 2010. The excise tax for 2011 for international flights that begin or end in the United States is \$16.30, up from \$16.10 in 2010. The tax on use of international air facilities also applies at a reduced rate to departures of interstate flights that begin or end in Alaska or Hawaii. For 2011, the international air facilities tax on these flights is \$8.20, up from \$8.10 in 2010.

Set Your Own Commission Up to 20%

New for 2011 - Alaska Airlines Vacations now offers the Set Your Own Commission (SYOC) program. We give travel agents the flexibility to easily set commission on top of the base amount of their earned commission for all bookings made via VAX VacationAccess.

For more information about Setting Your Own Commission, please visit www.alaskaair.com/travelagent

Auto Upgrade Can Cause Simultaneous Changes on Reissues

Add this OSI to your reservation when you do a reissue for a client holding status with Alaska Airlines to prevent the automatic upgrade from happening during your reissue and causing simultaneous changes.

1.OSI AS*OPT OUT*AUTO-COMP UPGRADE

You can removed the OSI when your reissue is done.
